Theatre is one of the longest standing art forms of modern civilization. Taking a global look at how various forms of theatre, including puppetry, dance, and mime, have been interpreted and enjoyed, this book explores all aspects of the theatre, including its relationship with religion, literature, and its value worldwide.

From before history was recorded to the present day, theatre has been a major artistic form around the world. From puppetry to mimes and street theatre, this complex art has utilized all other art forms such as dance, literature, music, painting, sculpture, and architecture. Every aspect of human activity and human culture can be and has been incorporated into the creation of theatre. In this very short introduction, Marvin Carlson takes us through ancient Greece and Rome to medieval Japan and Europe to America and beyond, and looks at how the various forms of theatre have been interpreted and enjoyed, exploring the role that theatre artists play from the actor and director to the designer and puppet master, as well as the audience.
